#### Industrial use foam

It is a heavy duty foaming eco-degreaser for industrial use.

Dosage: dilute 1:30 165ml/5L

Pressure/washer foamer: 1:30 165ml/5L

Use a foam gun on low pressure. Adjust to obtain a dilution of 1:30. Mix with cold or luke warm water. Maintain the air pressure supply. Adjust the foam gun handle to generate a thick foam that can stick to a smooth vertical surface for at least 5 minutes.

applicable to concentrate form only

eye contact:  
check for and remove contact lenses.

in case of contact with eyes  
rinse immediately with plenty of water for several minutes.

consult a physician if symptoms develop.

skin contact:  
wash with water.  
consult a physician if symptoms develop.

remove to fresh air.  
consult a physician if symptoms appear.

xi irritant

r36 irritating to eyes

s25 avoid contact with eyes  
s26 in case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

### nu attraktion

#### Exterior vehicle cleaner

Removes all soils and all build up on vehicles without damaging the most delicate components.

Dosage:

Manual washing: 1:600

Automatic washing: 1:600 - 1:2000

For optimal performance, make sure you consult an Innu-Science technician. A dilution of 1:600 to 1:2000 generally gets eVective cleaning results. The appropriate dose should create obvious but not persistent foam. The foam should not accumulate on the ground and should be easy to rinse. Dilution may vary depending on your washing system.

### nu hand scrub

#### Industrial hand soap

Removes both organic and synthetic oily and greasy residue.

Dosage: ready to use

Wet hands under running water. Add hand soap and lather for at least 20 seconds, making sure to scrub the entire surface of your hands. Rinse with plenty of potable water. Dry thoroughly.

### nu relation

#### Vehicle interior cleaner

Ideal for cleaning the partitions inside vehicles, buses and subway cars.

Dosage:

Walls and window cleaning: dilute at 1:300. Using a soft-bristled brush, scrub the surface then rinse.

Floor cleaning: dilute at 1:30. Scrub the floor with a soft or rigid brush depending on the level of dirt present on the surface to be cleaned then rinse.

### nu fuzion

#### Eco-degreaser

It safely breaks down heavy build up of oils, grease, light grafiti and many other types of soil.

Dosage: ready to use

Spray on the surfaces to be cleaned and rub or scrub. Compatible with alkali-resistant surfaces.

1. Light mineral oils: Spray the surfaces to be cleaned. Scrub with a brush or a clean towel to remove the soiled cleaning solution.
2. Thick, sticky mineral oils: Spray the surfaces to be cleaned. Let stand for several minutes. Scrub with a brush or a clean towel to remove the excess degreasing solution.
3. Tough stains on porous surfaces: Spray the surfaces to be cleaned. Let stand for several minutes. Scrub with a brush or a scrub pad, moving from the edges towards the centre. Rinse with running water if necessary.
